PROJECTS / OPEN-SOURCE

ONLINE EXAMINATION PORTAL | [LINK](#)

PHP, HTML, CSS, JavaScript, SQL, XAMPP

- This system provides MCQ-based exams and quizzes.
- I built this system to make exams easy to manage and make an organization's data centralized.

SORTING ALGORITHM VISUALIZER | [LINK](#)

JavaScript, HTML, CSS

- The whole aim of the project was to show my understanding of Front-end development and JavaScript.
- While working on this project I learned a lot about JavaScript.

CERTIFICATIONS

- Front End Development Libraries - [FREECODECAMP.ORG](#)
